To whom it may concern,

Currently, there are more than 2.1 million people living with Multiple Sclerosis worldwide. That diagnosis means a lifetime of uncertainty and expenses. In fact, the lifetime price tag for each person living with MS is nearly \$3 million in lost wages, medication costs and beyond.

We are looking for donated items to be included in our raffle for our event on May 8th, 2014 to support our fund-raising efforts. This is the Fourth Annual Art Show Fundraiser for the National MS Society and is hosted by Art4MS, a non-profit group working in conjunction with the National MS Society. The National MS Society is the leading provider of services and programs for people living with MS and their families. The Society also invests more money into MS research than any other volunteer-driven health organization in the world. Last year we raised over \$4000, largely in part due to generous donations made to our raffle give-away, where participants can purchase tickets in order to win a prize and we are able to donate 100% of the funds to our cause.

When you donate to a Walk MS event, you become part of the powerful movement that will end MS forever. Thank you in advance for your generosity.

Warmest regards,

Cheyenne and Justin Adams
